

The background of the advertisement is a photograph of a modern dental clinic building with large glass windows and a dark frame. In the foreground, there is a large, stylized graphic of a green dental probe with a blue and white Finnish flag ribbon wrapped around it. The probe has the text 'LM EgoSense' on it. In the top left corner, there are several colorful, curved lines in shades of blue, green, yellow, and red. The overall composition is clean and professional, emphasizing the company's branding and its focus on dental care.

MAKING DENTAL CARE SAFE, EFFICIENT AND PLEASANT

# LMDental™ - Feel the difference

We are LM-Dental™, a dental instrument manufacturer located in Parainen, a town in southwest Finland. Ever since founded more than 50 years ago, we have focused on developing, manufacturing, and marketing high-tech dental instruments. We apply the high standards to all our product categories including dental instrument tracking system, ultrasonic devices, and orthodontic appliances.

## FEEL THE DIFFERENCE

Our goal at LM™ is to create genuine value for dental care professionals by making instruments that are safe, efficient, and pleasant to use. Over the years we've grown from a small garage workshop in the Finnish archipelago to a distinguished player in the global dental industry i.a. by pioneering innovations in dental instrument ergonomics.

Even today all LM™ products are produced in Finland. We are the market leader in Nordic countries exporting 80% of our products globally.

## MISSION

Making dental care safe, efficient and pleasant.

## VISION

The most wanted partner with the best-in-class dental products and smart solutions.

## OUR VALUES

**Fair play** – We support each other. We make the difference.

**Reliability** – We always deliver what our partners expect or more.

**Improvement** – We aim for continuous improvement.

**Innovation** – We are pioneering, innovative, and open to new ideas.

## DNA OF LM-DENTAL™

Founded in 1973 by two Finnish dentists, our mission has always been to improve the ergonomics and the quality of dental instruments used by industry professionals around the world.

### FINE CRAFTSMANSHIP MEETS HIGH-TECH PRODUCTION TECHNOLOGY

Our dedication to manufacturing excellence and our focus on innovation and improvement makes our products precise, reliable, and safe. All our products are manufactured in Finland.

### OUR RESEARCH AND DEVELOPMENT PUTS PEOPLE FIRST

We are in constant communication with the end users of our products to keep our product development on the cutting edge. Our research continues from design through manufacturing, allowing us to produce instruments that meet high quality standards and perform excellently.

### WE MAKE THE DIFFERENCE

Our people and partners work closely together to create genuine value for our customers. By working together, we can make a difference in dental care.
